Mode of action of ALPIN HEILMOOR EXTRACT™ for **immediate hydration** and **improved complexion**

ALPIN HEILMOOR EXTRACT™ ...

- **shows** a superior **rinsing action** for fine particles alongside **detoxification** and **anti-pollution** features, with decreased stickiness.
- **balances** the **biodiversity and vitality of the microbiome**, promoting the growth of the skin commensal Staphylococcus epidermidis, the “**microbial guardian of skin health**”
- **promotes the skin barrier** function and improves regenerative and **healing capacities**
- **reduces ROS (Reactive Oxygen Species)** production, which can contribute to wrinkle formation.
- **prevents loss of hyaluronic acid** and **reduces senescence cells**.

>> **Instant hydration and anti-wrinkle effect**

>> **Long-term skin complexion improvement**

Instant enhancement in just 15 min - MASK

Improvement of hydration rate and reduction of crow's feet wrinkles

The benefits of Alpin Heilmoor Extract™ **after a single application of a mask** were determined by assessing the crow's feet surface and hydration 15 minutes after the product application.

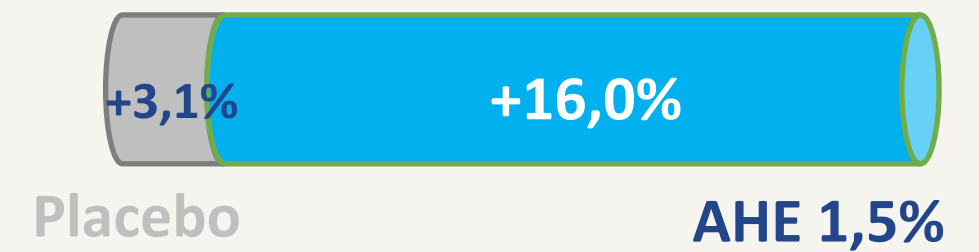

Results:

Alpin Heilmoor Extract™ (1.5%) significantly improves skin's appearance in just 15min after using a mask.

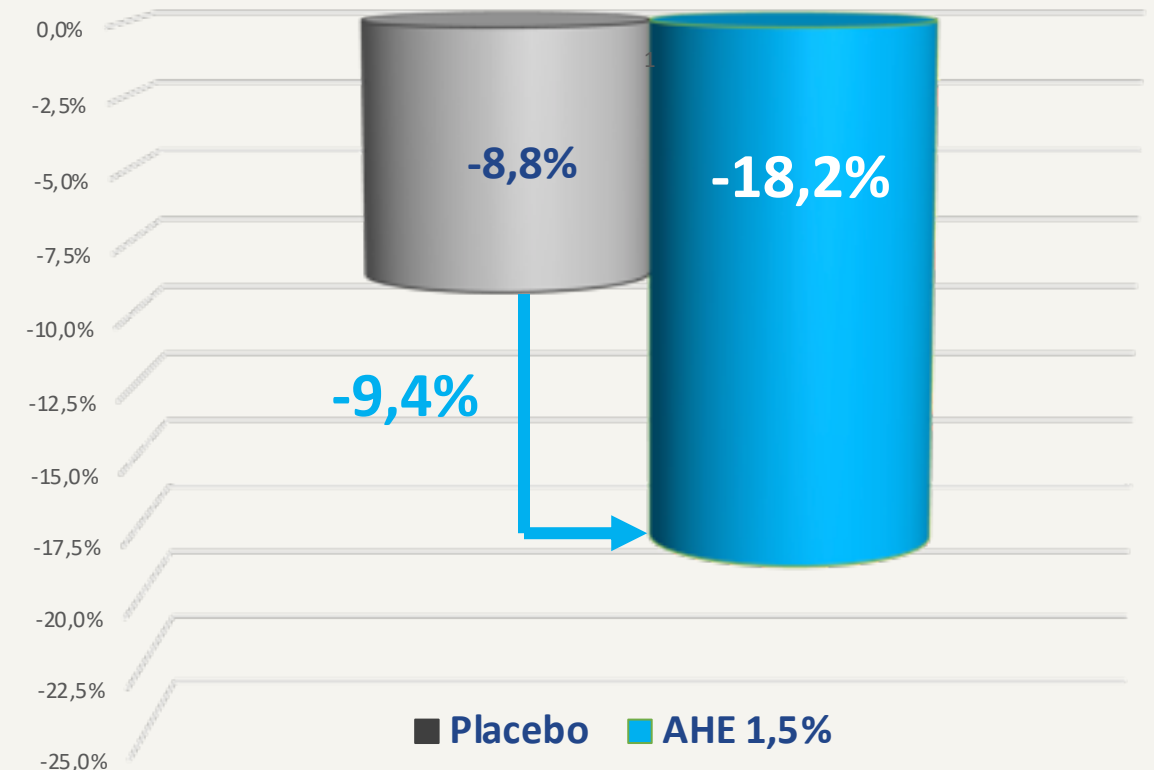

Immediate hydration effect after 15min of +19.1% vs. T0, and +16.0% vs. Placebo

Fine lines are reduced by down to -18.2% vs. T0, and -9.4% vs. Placebo.

Immediate hydration effect in just 15 minutes vs. Placebo

Reduction crow's feet wrinkles in just 15 minutes vs. Placebo

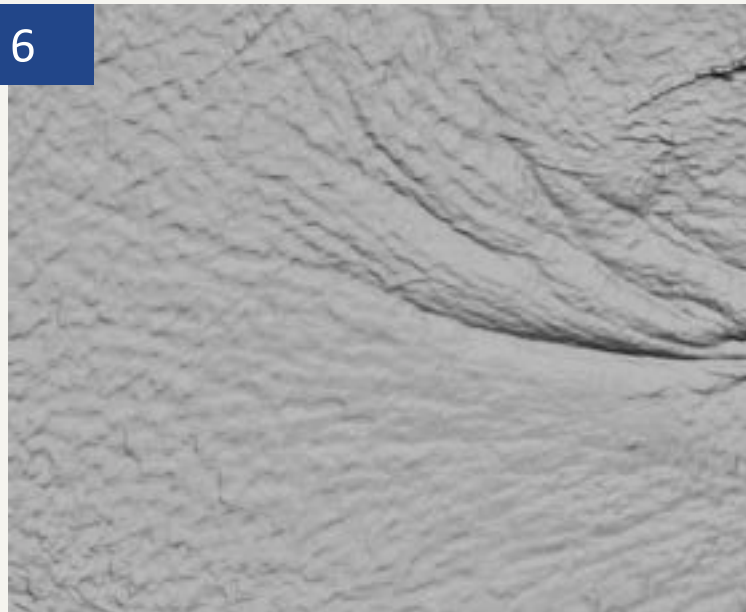

Wilcoxon test vs D0, t-test vs placebo:
Significance: *p<0.05, **p<0.01 *** p<0.001
